**Inc. Magazine Unveils 29th Annual List of  
America's Fastest-Growing Private Companies—the Inc. 500  
Construction and Service Solutions Corp. ranks No. 157 on the 2010 Inc. 500  
with Three-Year Sales Growth of 1,771%**

**BUFFALO, NY - August 24, 2010** – Construction and Service Solutions Corp., (“CSSC”), a Buffalo based general contractor, announced today that the company was named to the prestigious Inc. 500 list. The companies on the Inc. 500 represent the top tier of the Inc. 5000 list; a compendium of the fastest growing companies in America. This is the company’s initial appearance on the list.

CSSC President Suzanne Witnauer commented on the award: “Inc. magazine is the authority on entrepreneurship, and is required reading for business leaders. We are honored to have been recognized by Inc. magazine as one of the nation’s fastest growing companies. CSSC continues to differentiate ourselves as a leader in our industry, safely delivering quality construction services while enabling our customers to remain focused on their own business goals.” Witnauer continued, “I appreciate Inc. magazine’s commitment to entrepreneurs, and I’m proud to join all of the companies on this year’s list. Maintaining strong performance and achieving healthy growth in today’s challenging economy is commendable. Most of all, I thank all of my CSSC teammates and our customers who are vital to our success.”

CSSC ranked at #157, in the top three percent of all companies making the list, with an astonishing three year growth rate of 1,771%. CSSC is also well poised for continued growth – a prospect that excites Witnauer. “Commercial construction updates and modernization; both facility expansions and renovations, have become essential improvements for our decaying infrastructure. Companies like CSSC that deliver solutions and solve problems for their customers will continue to experience dramatic growth for several years.”

The 2010 Inc. 500 provides a unique snapshot of the overall U.S. economy. Despite the ongoing recession, aggregate revenue for the firms on the list totaled \$11.3 billion. The median three-year growth rate was 1,231 percent, a substantial increase from last year’s 880.5 percent. Additionally, the firms on this year’s list employ in excess of 45,000 people. Complete results of the Inc. 500, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at [Inc.com/500](http://Inc.com/500).

Construction and Service Solutions Corp. will celebrate their achievement with fellow award recipients at the Inc. 500|5000 Conference & Awards Ceremony September 30–October 2, 2010, in National Harbor, Maryland, located minutes from downtown Washington, D.C.

###
